Royce B. McClure

Was born in Tokoroa, New Zealand in 1956. He has been a diving and tropical fish enthusiast since the age of 12, and has been painting full time since 1975. Royce lives in New Zealand with his wife and four children, painting from his home-studio in the seaside town of Mt Maunganui.

In a field where it is hard to distinguish one artist's work from another, Royce's images stand alone with their bold abstract designs and unique color schemes.
